

## New Jersey Inclusive Child Care Project (NJICCP)

**Monday, January 10, 2022  
7:00- 8:00 PM**

**S.A.F.E (Supporting & Advancing Family Engagement) Space Series**  
***"Emerging Issues in Early Child Care Settings Impacting Family  
Engagement"***

S.A.F.E Space is an opportunity for parents and early childcare providers to come together and discuss issues that encourage, educate and promote family engagement of children with disabilities. When families are engaged as partners, children are provided with a foundation for success.

Since 2020, we have seen a shift in the level of supports and resources that we need to provide to children and their families in order to address the challenges from the pandemic. In this session, we will:

- Address the emerging issues including social emotional development, inclusion/accessibility, and reconnecting with families who experienced trauma.
- Review strategies and supports that can easily be incorporated into your program and routines.
- Discuss how learning from the challenges can prepare you for creating a more inclusive and well rounded early child care setting for children and families
