

# New Jersey Inclusive Child Care Project (NJICCP)

**Monday, September 20<sup>th</sup>, 2021**

**7:00- 8:00 PM**

**S.A.F.E (Supporting & Advancing Family Engagement) Space Series**

***"Partnering with Families Regarding Developmental Concerns"***

S.A.F.E Space is an opportunity for parents and early childcare providers to come together and discuss issues that encourage, educate and promote family engagement of children with disabilities. When families are engaged as partners, children are provided with a foundation for success.

Childcare providers are in a unique position to notice if a child is not developing through typical stages or milestones. They should partner with families to discuss their concerns and provide support and resources. In this session, we will:

- Discuss the stages of the diagnosis process
- Provide an overview of how families can obtain Early Intervention and Special Education services
- Identify resources and strategies that can be used to build positive relationships with families and strengthen family engagement
